

## **Report to North Walsall Area Panel**

### **Funding Report**

#### **1. Context**

- 1.1 Following the change to the Council's Constitution, Area Panels now have the responsibility for approving any project funding applications that are received through Area Partnerships.
- 1.2 This report sets out any project applications that have been carried forward from the previous financial year, projects that have already been approved (through the previous process of Area Managers approving, in consultation with the Area Chair and Vice Chair and relevant Ward Councillors), projects that have been previously considered and approved by previous Area Panels and those projects that are being put forward for consideration by the Area Panel (attached at Appendix 1).
- 1.3 Any project applications received by the Area Partnership team, will be assessed against a set of criteria (already presented to the Area Panel at an earlier Area Panel), before being put forward to this Area Panel for consideration. Only valid applications that fulfil the criteria will be put to the Panel for decision.
- 1.4 Any projects that do not meet the criteria will be referred back to the project applicant for further information or a re-submission, or, in some cases rejection, if they do not meet the priorities within the Area Plan.

#### **2. Recommendations**

- 2.1 The Area Panel is requested to consider the summarised project applications, set out in Appendix 1 (attached).
