CORPORATE AND PUBLIC SERVICES OVERVIEW AND SCRUTINY COMMITTEE

Agenda Item No. 10

DATE: 18 OCTOBER 2016

CORPORATE AND PUBLIC SERVICES FINANCIAL PERFORMANCE - FORECAST REVENUE AND CAPITAL OUTTURN FOR 2016/17

Ward(s) All

Portfolio:

Councillor Sean Coughlan – Leader of the Council
Councillor Jeavons – Deputy Leader and Regeneration
Councillor Julie Fitzpatrick – Community, Leisure and Culture
Councillor Jones – Clean and Green
Councillor Diane Coughlan – Social Care
Councillor Nawaz – Personnel and Business Support

Summary of report

This report summarises the forecast revenue and capital financial position for 2016/17, based on the position to August 2016, for services within the remit of the Corporate and Public Services Overview and Scrutiny Committee.

The services that fall under this scrutiny panel fall under two Directorates as part of the operational reporting lines of the Council. Whilst all services listed here fall under this scrutiny panel the accountability for the services is split between the Change and Governance Directorate and the Economy and Environment Directorate.

Reason for scrutiny

To inform the committee of the forecast financial position for 2016/17 to allow the scrutiny of the financial performance of the services within the panel's remit.

Recommendation

To note that the forecast 2016/17 year end financial position for services under the remit of this Panel is as follows:

- 1. A revenue **underspend of £0.234m**, net of the use of and transfer to earmarked reserves and implementation of action plans.
- 2. A capital carry forward request of £1.671m.

Date: 7 October 2016

Chief Finance Officer:

James Walsh

Date: 7 October 2016

Resource and legal considerations

The council is required to set a balanced budget and requires services to operate within their approved budget allocation. Any variances are required to be managed as far as is reasonably possible. The revenue and capital financial monitoring is reported quarterly to overview and scrutiny committees along with corrective action plans when variances arise. All accounting entries are undertaken in line with the required corporate and statutory accounting guidance and standards.

Citizen impact

Resource allocation is aligned with service activity and is undertaken in accordance with the council's corporate plan priorities.

Environmental impact

Services within the remit of this overview and scrutiny committee have a direct influence and impact on the environment.

Performance management

Financial performance is considered alongside service targets. Managers are required to deliver their service targets within budget, wherever possible. Corrective action plans were put in place to mitigate overspends where possible, with any remaining variances against budget identified in the report. Work continues to bring the outturn in line with the budget.

Equality Implications

Services consider equality issues in setting budgets and delivering services. Irrespective of budgetary pressures the council must fulfil its equal opportunities obligations.

Consultation

Consultation was undertaken as part of the budget setting process and throughout the financial year on the financial position and reporting thereof.

1 Forecast Revenue Outturn 2016/17

- 1.1 The forecast revenue outturn for 2016/17 for the services under the remit of the Corporate and Public Services Overview and Scrutiny Committee is an underspend of £0.234m, net of the use of earmarked reserves. The predicted revenue outturn shown is based on actual information from the Oracle system as at the end of August 2016, and discussions with managers regarding year end forecast and achievement of approved savings.
- 1.2 **Table 1** below shows the forecast outturn for each service.

	62,469	66,263	3,794	(3,868)	828	(988)	(
Smarter Workplaces	250	292	42	(42)		0	
Regeneration & Development	775	1,358	583	(540)		0	

- 1.3 The predicted outturn includes use of reserves of £4.849m (where approval has been given by Cabinet for additional funds for specific services) and requests for transfer to reserves of £0.981m. A breakdown of reserves is detailed in Appendix 1.
- 1.4 The following provides an analysis of the primary reasons for the forecast material variances;
 - Clean and Green Street Cleansing and Grounds Maintenance savings in salary costs offset by agency costs, plus identification of savings under the Every Penny Counts initiative.
 - Information, Communication and Technologies delays in recruitment to vacant posts.
 - Integrated Facilities Management mainly shortfall in design fee income
 - Leisure, Culture & Operations Underspends on library staff and savings under the Every Penny Counts initiative
 - Money Home Job Costs of supporting vulnerable clients with their housing have been mitigated by holding posts vacant, utilising external grants, delivering efficiencies in youth homelessness, and increased income from recovery of housing benefit overpayments.
 - Planning, Engineering & Transportation shortfall in planning income

Appendix 2 provides a detailed breakdown by service area of reasons for variances.

Where overspends are predicted, managers are required to identify remedial action that can be made within the service, and to report as part of an action plan. Action plans are in place for the following service areas:

- Money Home Job (£688k) to improve collection of housing benefits overpayments, release discretionary housing budgets and increased court cost income.
- Integrated Facilities Management (£300k) to increase efficiency in energy usage and reduce maintenance expenditure.
- 1.5 **Appendix 3** details the risks associated with this forecast and the total financial exposure to risk has been calculated as £1.713m. Risks are items that are uncertain at present and therefore not included in the overall forecast. If circumstances change and any of these risks become probable, it will then form part of the overall forecast, and actions will need to be identified and implemented to offset any resulting pressure.
- 1.6 Included within the approved budget for 2016/17 are £7.452m of approved savings relating to services within the remit of this committee (details are available in the corporate budget book). An update on the achievement of 2016/17 approved savings is reported monthly to CMT as part of the corporate

performance report. Any savings that are not forecast to be achieved in year are required to have alternative savings identified and are managed closely through the relevant service management teams and in liaison with the relevant portfolio holder.

Savings of £287k have been identified as not being achievable, as follows:

- (a) Cease operation of the creative development team unless it can become self sustaining by 2017/18 (£16k)
- (b) Management restructure within Economy & Environment (£129k)
- (c) Integrated Facilities Management (IFM) Review of structure (£143k)

Alternative savings have been identified for the first two items and plans are being developed to address the IFM saving.

2 Capital Outturn 2016/17

2.1 The forecast capital outturn for 2016/17 for the schemes under the remit of this panel (as at the end of August 2016) is a capital **carry forward request of £1.671m**, mainly due to re-profiling of spend of Smarter Workplaces, Walsall Markets and works to the Council House into 2017/18. The position is summarised on **table 2** below.

Table 2 - Forecast Capital Out	turn 2016	/17

Appendix 2 – Explanation of 2016/17 forecast Revenue Variations by Service

		Varianc e
Service	Reason / explanation for variance	£k
Clean and Green Services	Street Cleansing and Grounds Maintenance savings in salary costs offset by agency costs (£112k), plus identification of savings under the Every Penny Counts initiative.	(187)
Communities & Partnership	(£35k) relating to community safety/cohesion and (£34k) saving from vacant posts	(69)
Democratic Services	Additional staffing costs in constitutional services following 16/17 savings	12
Economy & Environment Management	Management restructure saving not fully achieved	100
Electoral Services	Continuing spend on individual electoral registration	15
Finance	Use of temporary staff	21
Human Resources	Vacant posts not recruited to and (£42k) under the Every Penny Counts initiative	(59)
Information, Communication and Technologies	Reduced materials spending in print and design (£54k) and staff costs recovered from internal services (£43k), (£27k) under the Every Penny Counts initiative and (£51k) vacant posts	(176)
Integrated Facilities Management	Forecast overspends on centralised maintenance £500k, contract management £283k, shortfall in design fees £1.019m, overspend on redundant buildings £50k and supplies and services £3k. Offset by forecast underspends on centralised energy (£300k), centralised rents (£50k), FM buildings (£50k), savings on food costs in catering (£50k), underspend in post room (£8k), (£39k) under the Every Penny Counts initiative and (£31k) vacancy saving.	1,327
	(£30k) relating to subscriptions and (£12k)	
Legal Leisure Culture & Operations	salary saving Mainly due to Library under spends (£608k) - due to vacant posts and Every Penny Counts review (£150k book fund).	(596)
Money Home Job	£1m overspend on subsidy is offset by releasing discretionary housing payment budget (£300k), additional overpayment income (£302k), reduction in youth homelessness costs (£223k), increase in the overpayment debtor (£89k), (£135k) under the Every Penny Counts initiative and (£412k) vacant	(758)

Development	salaries due to part year vacant post	43
TOTAL VARIANCE		(234)

Appendix 3 - Risks

Service Area	Potential Risks	Highest Cost	Total Estimated Exposure
		£k	£k
	Low Risks		
Clean and Green Services	Damage to waste to resource plant	840	168
Clean and Green Services	Increased risk of insurance claims due to lower maintenance of trees	25	5
Leisure, Culture & Operations	Active Living Centres - risk that the new centres will not generate the expected levels of income	100	20
Integrated Facilities Management	Energy cost forecasts are based on 2015/16 but risk that this performance may not reoccur in 2016/17 due to changing weather conditions which may lead to higher energy usage.	400	80
	Quarter 1 assessment of the year end subsidy position shows a dramatic increase. An improvement of £500k has been included in the forecast outturn however if improvements continue then the forecast outturn could be		
Money Home Job	better by a further £1m.	(1,000)	(200)
	Total Low Risks	365	73
	Medium Risks		
Clean and Green Services	Possible loss of income	110	44
Integrated Facilities Management	Risk of challenge from schools over level of management fee, and schools deciding not to use IFM services, including catering service, due to perceived high costs.	578	231
Integrated Facilities Management	Review of Maintenance Framework - may not produce required efficiencies and delays could result in increased costs.	500	200
Leisure, Culture & Operations	Creative Development Team - Inability to achieve income target due to reduced staffing capacity to deliver commissions and projects.	30	12
Leisure, Culture & Operations	Local History Centre - Inability to achieve income target through the reduction in hours open to the public	5	2
Planning, Engineering & Transportation	Engineering - shortfall in car parking income from reduced usage or loss of car parks	50	20
Planning, Engineering & Transportation	Engineering - additional road maintenance / gulley cleaning required	125	50

	Total Medium Risks	1,398	559
	High Risks		
Clean and Green	Increase in waste arisen, or non diversion of		
Services	waste	300	180
Service Area	Potential Risks	Highest Cost	Total Estimated Exposure
		£k	£k
Clean and Green Services	Increased contamination of co mingled waste and fluctuating gate fees from new recycling disposal contract	135	81
Planning,			
Engineering &	Engineering - impact of a severe winter		
Transportation	requiring additional work and gritting	100	60
Planning, Engineering & Transportation	Shortfall of planning application fee income	100	60
Planning, Engineering &			
Transportation	Shortfall of Land Charges fee income	70	42
Regeneration &			
Development	Shortfall of Markets income	75	45
	Total High Risks	780	468
	Total	2,543	1,713
