Subject: RE: [External]: New Premises Licence - Leoo Shop, 58 Bridge Street AMEDED NOTICE OF REPRESENTATION

CAUTION: STOP and THINK - This email originated from outside of the council. If it looks suspicious it probably is and you should NEVER enter your council username and password into an external link or open attachments.

Further to receipt of the attached new Premise Licence West Midlands Police wish to make representations to this application on the following grounds:

Crime and Disorder (added for clarity)
Public Nuisance (added for clarity)

Bridge Street sits within the Cumulative Impact Policy (CIP). This CIP has been scrutinised and accepted by Walsall Council in September 2021 which West Midlands Police supported, we therefore believe the CIP to be proportionate, timely and evidenced based.

Under the Home Office Guidance, issued under section 182 of the Licensing Act 2003, the definition of Cumulative Impact is:

Cumulative impact is the potential impact on the promotion of the licensing objectives of a number of licensed premises concentrated in one area.

Therefore by allowing an additional licenced premise in an already concentrated area of such premises does have the potential to impact on crime and disorder.

In relation to this application, if authorisation was granted we would have an additional venue in the CIP having the ability of alcohol sales up to 10pm of an evening. This could impact on the early night time economy when this recovers from the regulations placed on us during the COVID-19 pandemic and therefore has the potential of impacting on crime and disorder. We also do have street drinkers in the town centre, by having this additional premise, this could displace them which is a concern.

West Midlands Police believe this application should be placed before the sub-licensing committee for their determination. I have out of courtesy today spoken with the agent and advised him of our position.

Kind Regards

Jennifer
