Cabinet – 18 June 2008

Corporate Financial Performance 2007/8 (pre audit)

Portfolio: Councillor A Griffiths – Finance and Personnel

Service: Corporate finance – council wide

Wards: All

Key decision: No

Forward plan: No

1. Summary of report

1.1 The overall net revenue pre-audit outturn before approval of carry forwards and earmarked reserves is an under spend of £4.46m after allocation of £0.96m to SCI. The final position after approval of carry forwards and earmarked reserves is an under spend of £0.76m, resulting in year-end general reserves of c £7.78m; and a year end capital surplus of £17.1m. Slippage and carry forwards on approved capital projects equal £11.2m.

2. Recommendations

- 2.1 That the following pre-audit outturn be noted:
 - a net revised revenue underspend of £4.46m, after allocation of £0.96m to SCI, prior to approval of carry forwards,
 - carry forwards of £0.38m including £0.71m of slippage/planned underspends and £0.33m carry forward of overspends,
 - a net revenue under spend, after approval of carry forwards, of £0.76m, resulting in year end general reserves of c £7.78m,
 - unspent capital resources of £17.1m; £10.6m on the mainstream capital programme, and £6.5m on the prudential programme,
 - approved capital slippage/carry forwards of £11.2m, of which £10.1m is mainstream and £1.1m is prudential borrowing.
 - additional reserves over and above that required by the medium term financial strategy (MTFS) will be prudently earmarked by the CFO, in consultation with the portfolio holder for finance and personnel following the audit of the accounts, as set out in the approved MTFS.

3. Background information

3.1 The RAG status of this report is green as the outturn position and level of reserves are in line with the financial limits set out in the medium term financial strategy. Service variances are detailed in **Appendix A.**

3.2 Of the £4.46m underspend prior to carry forward approvals and replenishment of existing and transfers to new earmarked reserves, operational variances for the year total £0.80m. Central items and pension changes contribute £3.66m. These variations are outlined below:

3.3 Central Items -£3.66m

- £1.2m relates to a provision that was set up for housing benefit transitional protection several years ago following a change in Government regulations. This is no longer required following guidance received from DWP in recent weeks and can therefore be returned to reserves.
- £0.89m relates to a council wide under spend on leasing budgets, primarily due to the vehicle replacement strategy being delayed.
- A council wide insurance review leading to a releasing of £1.16m from the insurance fund (a separate fund ring-fenced from the general fund); £0.38m into general reserves and £0.78m into the insurance reserve.
- Capital financing under spend of £0.38m through effective treasury management activity within Corporate Finance.
- Further minor underspends such as central contingency.

3.4 Operational Items - £0.80m

A number of variances from budget have been reported throughout the year and corrective actions plans put in place to ensure the council overall has remained within budget. Each directorate overall has outturned in accordance with previous predictions.

The main overspend variances are those previously reported, namely print and design (+£0.43m), markets – regeneration (+£0.25m), Illuminations and catering services - Leisure and culture (+£0.99m), Adults social care (+£0.58m), and Legal and constitutional services (+£0.2m); alongside an additional overspend of (+£0.53m) in Property services, for which a carry forward overspend of £0.25m has been approved (requiring c50% of the overspend to be recovered in 2008/09).

Overspending areas have been mitigated via corrective action and via planned underspends in the following areas; Street Pride (-£1.19m), Planning and transport (-£0.45m), Housing services (-£0.33m), Strategic transformation/HRD/OD/Business support (-£0.68m), Finance (-£0.30m) and Revenues and benefits (-£0.40m).

4. Resource and legal considerations

4.1 Managers are required to deliver their service targets and improvements within budget. Small variations are normal on a gross revenue budget of £634.81m.

4.2 <u>General Reserves</u>

Pre-audit, reserves will be £7.78m after funding of one-off investment for 2008/09, earmarking of specific reserves and approved carry forwards from 2007/08 to 2008/09.

TABLE 1: GENERAL RESERVES YEAR END POSITION 2007/8					
REASON	£M				
General reserves as at 01.04.07 (post-audit)	-6.945				
Carry forwards from 2006/07 not required	-0.074				
2007/08 service underspend prior to use of approved carry forwards and earmarked reserves (appendix A)	-4.697				
Use of carry forwards from 2006/07	-0.457				
Use of earmarked reserves	-4.396				
Planned transfer to reserves	5.088				
Sub Total	-11.481				
Carry forwards from 2007/08 to 2008/09 (appendix B)	0.379				
Earmarking of specific reserves and funding of one-off investment (table 2)	3.327				
Estimated general reserves @ 31.03.08 (pre-audit)	-7.775				

Earmarked Reserves

Earmarked reserves are funds for specific purposes. Such reserves have been set aside for landfill tax scheme, corporate issues such as managing insurance risks and special projects such as building schools for the future and the accommodation review; and the carry forward scheme in respect of service specific underspends. **Table 2** details the replenishment of reserves in year.

TABLE 2: DETAILS OF EARMARKED RESERVES/REPLENISHMENT 2007/08					
Reserves agreed at council 25.02.08:	£M				
Building schools for the future	0.500				
Waste tipping	0.045				
Landfill Allowance Tax Scheme - LATS	0.117				
Local land property gazetteer	0.032				
Sub-total reserves agreed at council 25.02.08:	0.694				
Funding of one-off investments agreed at council 25.02.08:					
Job evaluation manager	0.040				
Trade union job evaluation costs	0.060				
Shop mobility	0.045				
New waste summer work implementation	0.150				
Sub-total funding of one-off investments	0.295				
Replenishment of existing reserves/reallocation of reserves:					
Mediation	0.250				
Community Engagement LNPs	0.090				
Health and safety	0.707				
Sub-total replenishment of existing reserves/reallocation:	1.047				
New earmarked reserves:					
Property review	0.110				
Housing benefit subsidy 2007/08 claim (0.3%)	0.300				
Insurance	0.779				
Criminal records bureaux checks	0.095				
Mayors Civic Awards – sponsorship income received in advance	0.070				
Sub-total new earmarked reserves:	1.291				
TOTAL	3.327				

4.4 Carry forward of under spends and overspends from 2007/08 to 2008/09

£1m of carry forward requests were received. Net carry forwards of £0.38m have been approved; £0.71m of underspends/slippage on projects less £0.33m of overspends. **Appendix B** provides details on the approved carry forwards.

4.5 Capital Programme 2007/08

The capital programme is split into 4 main categories, the pre-audit position of each is shown below:

- The mainstream programme currently shows unspent resources of £10.6m. Slippage/carry forwards of £10.1m have been approved (appendix C).
- The prudential programme currently shows unspent resources of £6.5m. Slippage/carry forwards of £1.1m have been approved (appendix D).
- The non-mainstream (grant) programme currently shows an un-financed debtor of c£6.2m to be carried forward to 2008/09. In general, grant income is received after the expenditure takes place so a time lag of funding is expected.
- Leasing: services bid for £6.7m of capital expenditure to be financed by leasing in 2007/08. £0.96m of the leasing provision has been used.
- 4.6 In a large organisation, dealing with construction projects, etc, a level of slippage on the programme is expected and built into the resourcing assumptions.
- 4.7 In line with the treasury management strategy, £11.1m additional unsupported borrowing was used as a more effective source of funding than capital receipts (**Appendix D**). Unsupported borrowing of £3.4m was also used to fund specific approved projects such as the library modernisation plan, school buildings maintenance, major repairs to council premises and the regenerating Walsall programme in accordance with the approved capital programme. Total unsupported borrowed was c£14.5m. This allowed capital receipts of £13m to be carried forward, £1.7m above that required to fund slippage. Whether to use unsupported borrowing or capital receipts was considered in light of prevailing markets and the corporate financial position and this will continue in 2008/09 onwards.

5. Citizen impact

5.1 Demonstration of financial stability and sound financial management promotes public confidence and credibility.

6. Community safety

6.1 None directly associated with this report.

7. Environmental impact

7.1 None directly associated with this report.

8. Performance and risk management issues

8.1 Risk management is embedded in budget preparation, monitoring and forecasting to enable potential budget variances and risks to be identified early and addressed. This process was used to track and implement corrective action plans for overspending services in 2007/08 to ensure that overall the Council outturned on budget. The figures in this report represent the final pre-audit outturn.

9. Equality implications

9.1 None directly associated with this report.

10. Consultation

10.1 The report is prepared in consultation with the CFO, relevant managers and executive directors.

Background papers: Various financial working papers.
