FIVE YEAR DEVELOPMENT PLAN

1. Purpose of Report

The purpose of the report is to consider items for inclusion in the five year development plan.

2. Recommendation

That SACRE timetable a development plan for 2008-2013 and agree the projects for inclusion from the undermentioned list:

- Review of Agreed Syllabus (working group)
- Plan for Walsall SACRE to meet the advanced criteria in the self evaluation
- Set up a robust monitoring system for the teaching and learning of RE across the key stages
- Monitor collective worship
- Promote RE as a field of study for older pupils
- Promote the use of a SACRE website
- Investigate training for SACRE members

3. Background

SACRE may recall that on 22nd April 2002, approval was given to one representative from each group being appointed to work alongside Education Walsall on the five year development plan.

The first Development Plan has been successfully completed and a list of issues for possible inclusion in the plan has been suggested by the Strategy Sub-Group.
