Agenda Item No. 8

DATE: 5<sup>th</sup> September 2017

# CORPORATE FINANCIAL PERFORMANCE – QUARTER 1 FINANCIAL MONITORING POSITION FOR 2017/18

Ward(s) All

**Portfolio:** Councillor Nawaz – Children's Services and Education

#### Summary of report

The forecast for 2017/18 year end financial position, for services under the remit of the Children's Services and Education Overview & Scrutiny Committee and based on the financial performance for quarter 1 (April 2017 to June 2017) is a revenue variance of **£1.444m**, (net of the use of corporate and service reserves). Without the use of corporate and service reserves). Without the use of spend would be **£4.532m**.

The total capital programme for the directorate is **£15.957m** with forecasted costs of **£15.322m** as at the end of June 2017. The remaining balance of £0.652m on Devolved Formulae Capital is to be returned to the balance sheet for future years. The Children's Services Forecast Capital outturn 2017/18 is summarised in the table on page 6.

#### **Reason for Scrutiny**

To inform the Panel of the forecast financial position for 2017/18 for services within their areas of responsibility.

#### Recommendation

- 1. To note the revenue and capital forecast for the 2017/18 year end financial position for services under the remit of the Children's Services and Education Overview & Scrutiny Committee.
- 2. To note the actions being taken to address the areas of over spend.
- 3. To note that officers have taken on board feedback which was requested at the meeting on 20<sup>th</sup> June in respect of the content and style of financial performance reporting and incorporated that into a shortened format. It should be noted however that in order to provide sufficient information for members to effectively scrutinise financial performance, the report is longer than the recommended 6 pages. Further changes will be discussed with the Chair of the Panel.

#### **Background papers**

Various financial working papers. **Signed:** 

#### **Resource and legal considerations**

The Council is required to set a balanced budget and requires services to operate within their approved budget allocation. Any variances are required to be managed as far as is reasonably possible. The revenue and capital financial monitoring is reported quarterly to Overview and Scrutiny Committees along with corrective action plans when variances arise. All accounting entries are undertaken in line with the required corporate and statutory accounting guidance and standards.

#### **Citizen impact**

Resource allocation is aligned to service activity and is undertaken in accordance with the Council's corporate plan priorities.

#### **Environmental impact**

Services within the remit of this overview and scrutiny committee have a direct influence and impact on the environment.

#### **Performance management**

Financial performance is considered alongside service targets. Managers are required to deliver their service targets within budget, wherever possible. Corrective action plans are put in place to mitigate overspends where possible, with any remaining variances against budget identified in the report.

#### **Equality Implications**

Services consider and respond to equality issues in setting budgets and delivering services. Irrespective of budgetary pressures, the Council must fulfil equal opportunities obligations.

#### Consultation

Consultation was undertaken as part of the budget setting process and throughout the financial year on the financial position and reporting thereof.

1.5 Included within the approved budget for 2017/18 are £3.555m of approved savings relating to services within the remit of this panel. An update on the achievement of 2017/18 approved savings is reported monthly to CMT as part of the corporate performance report. Any savings that are not forecast to be achieved in year are required to have alternative savings identified and are managed closely through the relevant service management teams and in liaison with the relevant portfolio holder.

1.6 Within the services associated with the panel there are a number of risks totalling £3.636k, which have not been included within the above forecast. At this stage the risks are not certainties and as such are not included in the monitoring as an under or over spend. If the risks become certainties then alternative action will need to be identified or included in the position as over spends. A summary of the risk assessment is in the table below.

|  |  | Risk  |

# Appendix - Looked After Children Trends

# Looked After Children

The graph show below shows budget against forecast for LAC placements in Walsall since 2010.The number reduced markedly in Walsall in 2012; however an 'inadequate' Ofsted judgement that year suggested that thresholds had become too low leading to some children being at unnecessary risk. There followed two years of increasing numbers from 478 to 620 with a further gradual increase year on year with there being 639 children in care as at 28<sup>th</sup> June 2017. The graph below represents LAC numbers over an extended period of time.

# Budget v Forecast 2010-11 to Forecast 2017/18

Walsall's history with LAC can clearly be seen in the table below which shows that despite savings being achieved aditional further investment has been required in recent years in order to keep up with the volatile demand of this service area.

# Investment in LAC

• The LAC placements budget for 2017/18 is £16.556m which is based on prior year actual demand following an investment of £2.500m less agreed savings of £0.680m.

Forecast demand in 2017/18 remains high at  $\pounds$ 0.601m despite savings delivery of  $\pounds$ 0.680m.

- Investment of £1.137m based upon increase in demand was seen in 2015/16.
- 2014/15 saw demand increases amounting to £1.018m.

### **Overall Forecast Plan**

The LAC placements budget is £16.556m; however, actual costs based on the current profile of 639 placements for 2017/18 are at £17.838m, £1.281m above, of which £0.370k is directly attributable to 14 children mainly within IFAs. In addition to this External Residential placements have increased by 3 children during the month and a further 2 children placed in Secure, attributing a further £0.371k increase in the month, £0.888k above budget to date.

It must be noted that as this service is demand led and changes daily, forecasting the LAC population and its associated costs is complex and volatile.

# CSC Action Plan

Efforts continue to be made to control the number and cost of Looked After Children, this includes:

- Children services working with a significant number of families to ensure that children remain with their families if possible. Implementation of multi-agency protection plans, the establishment of the Edge of Care Team and the introduction of a Gateway Panel are all in place to support this goal.
- Checks on whether decisions taken are correct and necessary continue to be carried out via the courts, Independent Reviewing Officers and case file audits taken together, these processes indicate that children are only in care when necessary and the thresholds in Walsall are correct.
- Finding suitable adopters and progressing children's cases through the approval and court processes, aimed at reducing number of children in care. Work is in place to review process and timescales for adoption to ensure effectiveness.
- Working to replace current Care Orders with ones that do not require continued Social Work involvement such as Special Guardianship Orders. The number of LAC could reduce markedly, allowing resources to be better targeted at preventative strategies.
- A fortnightly Children's Services Strategic Group is in place, chaired by the Assistant Director and attended by Children's Social Care and Safeguarding teams, to implement strategies aimed at reducing LAC and monitoring their impact. A Key element to this work is preventing children coming into care and once in, enabling them to be removed from care safely and quickly. This strategic Group is to broaden and become a Council wide Group with membership and support from across the Council
