St Matthews Birchills Leamore Local Neighbourhood Partnership – 16th November 2006

LNP Funding

Portfolio: Safer Stronger Communities, Partnerships and Vision

2021

Service Area: Neighbourhood Services

Wards: St Matthews Ward

Birchills Leamore Ward

1. Purpose of the Report

This report seeks to inform the Local Neighbourhood Partnership of the funding criteria for the 2006-2007 LNP funding and to inform the Local Neighbourhood Partnership of progress to date with regards to the funding priorities 2005-2006.

2. Recommendations

The LNP is asked to:

- (a) Note the progress on funding priorities 2005-2006
- (b) Note current spend.
- (c) Note the criteria for the allocated 2006-2007 funding
- (d) Note the deadline for spend of 2006-2007 is 31st March 2007

3. Progress funding priorities 2005-2006

Project Description	Allocated	Spent	Project Status
Social Cohesion Project	£2,000	ı	See below
Rat on a Rat Campaign	£1,500	ı	See below
Alleyways/ Gating	£8,000	ı	See below

Total Funding spent to date £ 2,000

Total allocated but not yet spent £ 9,500 (earmarked)

Total Remaining £10,500

Below is a progress report for each project identified to date during 2005/06

4. Progress funding priorities 2006-2007 Funding

Project	Allocation	Spent	Update
Description			
Litter Bin in	£260	-	An update will be
Buchanan			given at the LNP
Avenue			meeting
Environmental	£2000	-	An update will be
Project - Jane			given at the LNP
Lane and Bentley			meeting
Drive Schools			
and Reedswood			
Park.			

5.0 New Project Proposal

See appendix 1 – Project from Mr Terry Edis - £1500

Funding Priority Identified through Workshop	Service Area	Feedback from Service Area	What Happens Next?
Social Cohesion Programme – Currently with Croft and Beechdale schools.	 Croft Community Primary School 	LNP allocated £2,000 towards this project	The project will continue with Saint Patrick's Catholic primary school. Project lead will now be Mr Rod Dickson
Rat on a Rat' campaign	• SWBP	Potential for a pilot in the area.	LNP to decide if they want to continue with this. West Midlands Police will look to support
Caldmore Green Project	Community Arts Team	This project will need further development and most probably further funding.	An update will be given at the LNP meeting
Alleyways / GatingMary StreetLewis StreetCroft Street	 Safer Walsall Borough Partnership 		Update will be given at LNP meeting
Birchills Playing Field		The LNP resolved at the last meeting to hold a public	An update will be given at the LNP meeting

Funding Priority Identified through Workshop	Service Area	Feedback from Service Area	What Happens Next?
		workshop to give more details on the proposal. The information from this to be fed into Cabinet meeting on 18 th October	

4. Criteria LNP funding 2006-2007

The St Matthews Birchills Leamore LNP has been allocated a further £10,000. Note this money must be spent by 31st March 2007.

The focus of the 2006-2007 allocation of funding will have to be on developing safer and stronger communities, in particular:

- One of the council pledges for 2006-2007 is the delivery of 3 environmental projects in each LNP area. Therefore an emphasis should be placed on delivering the 3 environmental projects in the St Matthews Birchills Leamore LNP area. The LNP should aim to fund initiatives that will have the greatest environmental impact across their area.
- There needs to be a focus on hotspots/areas of greatest need, as identified by community intelligence and local stats. Therefore funding should not be split by ward but by areas of greatest need.
- The activities/actions need to have a direct impact on Local Area Agreement indicators.
- The funding will need to link in to the Pledges developed by the Local Neighbourhood Partnership.

See Appendix 2 – Funding Criteria and Process

To support the LNP in distributing their funding within the criteria a menu/basket of measures is being developed through Safer Walsall Borough Partnership, Environmental Regeneration and Street Pride which the LNP would be able to "purchase" from their £10,000 allocation to assist in developing safer and stronger communities. The menu drawn up by these services will bear in mind the Local Neighbourhood Partnership pledges as well as the Local Area Agreement Indicators.

PROPOSAL FOR USE OF 'ONE-OFF' RESOURCES IN SUPPORT OF LOCAL PLAN

NAME OF LNP: Birchills / Leamore / St Mathews.

PRO-FORMA COMPLETED BY: Terry Edis

Tel: 01922 613292E-mail: terry.edis@watmos.org.uk

Brief Description of the project

To enable Burrowes Street TMO to grow its own plants to enhance the high standard of the environment on the estate.

How much does the project cost?

£1500

How does the proposal link to LNP local plans?

Empowers Community to improve skills and knowledge of local residents actively involved in implementing and development

How does proposal link to Council Vision 2008?

It enhances the council vision for a cleaner greener Walsall

Assurance that the proposal is not contrary to Council policy

The proposal is not contrary to any Council policy

Impact of the proposal?

The plants that are grown will be planted around the estate to keep up the high standard we have of our environment, and hopefully given to tenants to enhance the appearance of there balconies, one of our tenants won the balcony competition this year in Walsall in Bloom, and our selves won the Subaru Trophy a few years ago in Briton in Bloom.

Value for money?

The benefits to cost is the project would be run by volunteers and growing the plants would save an enormous amount of money not having to by them.

Match funding:

Does this proposal attract any match funding (in cash or kind) from council partners or other organisations?

Volunteer time

Responsible officer:

If approved, this officer (usually a Service Manager) who will be responsible for ordering the work, spending the money in compliance with the Council's contract and financial procedure rules

Terry Edis chair Burrowes Street TMO

Reporting back:

When will money be spent, work be done, impact be felt and reported back to LNP

Also need 'audit trail' to evidence this

As soon as possible after approval, impact would be felt in the summer and reported back to LNP first meeting after first show of plants

Local Neighbourhood Partnerships Funding

Each of the Local Neighbourhood Partnerships have been allocated £5,000 per ward to help them support initiatives in their local community.

Please see below a guide to:

- Funding criteria 2006-2007- what the funding may be used for
- Funding process the process that needs to be adhered to, to release the funding

Funding criteria

To be eligible for funding, initiatives will have to link in with the following criteria:

Strategic linkage:

- They need to be actions which fall within one of the pledges identified by the LNP in their Neighbourhood Agreement
- The action will need to link into the priorities for Vision 2008. In particular to "Ensure a clean and green borough"
- Prioritisation should be given by the LNP to the delivery of 3
 environmental projects in their LNP area, which is a Council pledge for
 2007/08. The LNP should aim to fund initiatives that will have the
 greatest environmental impact across their area, not necessarily on a
 ward by ward basis.
- The activities/actions need to have a direct impact on Local Area Agreement indicators.

Sustainability:

- The actions need to be 'sustainable'- therefore they should not need further funding or maintenance in the future, unless further funding or a maintenance agreement has been identified elsewhere. Actions eligible under this criteria are:
 - 'one-off actions', which need no further maintenance/ funding, for example: an event
 - Actions which kick start a bigger initiative- for example: to fund a pilot project which can be rolled out through other funding (already identified) if proved to be successful
 - Actions which support a 'capital' investment where maintenance or further funding is agreed. For example: the funding of a bin, after having agreed with Street Pride that they will empty this bin regularly.
 - Actions which 'add value'. For example: funding of equipment to support the expansion of a service/community based project.
- A menu/basket of measures is available to assist LNPs in identifying and prioritising actions and activities that they wish to fund. This has

- been compiled from Streetpride, Walsall Borough Strategic Partnership and Environmental Regeneration.
- Actions that can not be funded include: Core funding for a community or other project- as this is not sustainable unless the funding is to bridge a gap between already identified funds.

Applicants:

 Actions need to be carried out by the council or by its partners (tPCT, Police, Community Organisations, etc). If the project is carried out by a partner this should be through a grant agreement (for more information on grant agreements- see 'funding process'.)

Geographic criteria:

- Actions need to have a positive impact on the whole partnership area.
 The LNP will need to ensure the whole partnership area benefits from
 the funding. Preferably by funding projects that benefit the whole
 partnership area, rather than a specific area/ ward. Cross boundary
 projects, working with other LNP's, are also encouraged.
- There needs to be a focus on hotspots/areas of greatest need, as identified by community intelligence and local data. Therefore funding should not necessarily be split by ward but by areas of greatest need.

Please contact the Neighbourhood Partnerships Team if you want advice on whether your project proposal links into the criteria or need any advice on filling out the project proposal form.

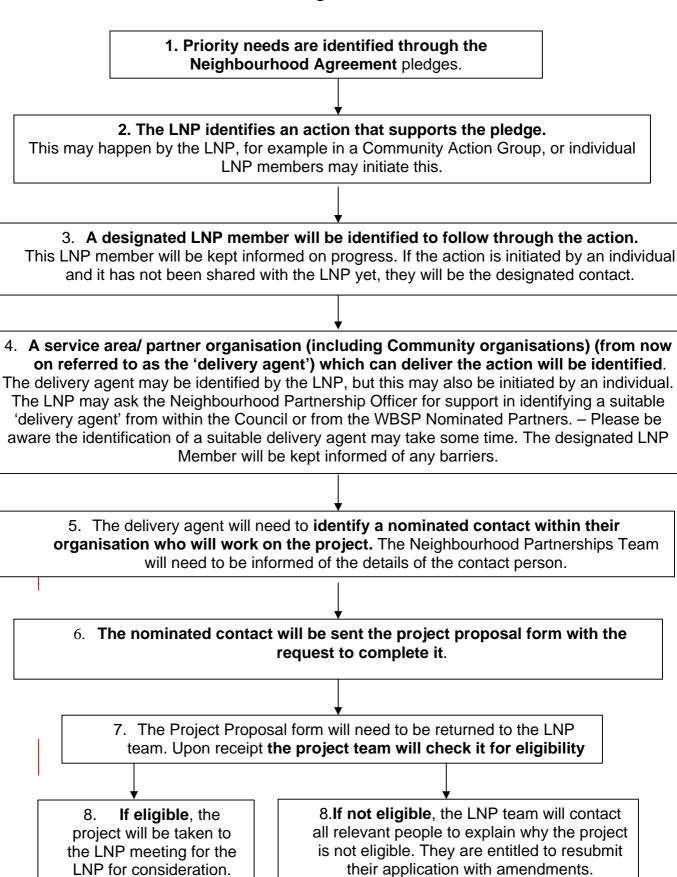

Funding Process

The funding process has been amended slightly in August 2007 to ensure a quicker turn around of projects.

Please see below a step by step guide to the new process. Please bear in mind that the timescales involved are individual to each project and are dependent on a number of factors. The LNP team aim to keep the LNP informed of progress through the designated LNP member and at LNP meetings.

Please see the table on the next pages for the funding process.

Funding Process

Continue on next page

Continuation previous page

- 9. If, at the LNP meeting, the LNP agree to fund the project, based on the information on the project proposal form, the Chair will sign and date the form.
- 10. The form will be returned to the Neighbourhood Partnerships team and the delivery agent will be sent a memo in which they are told they may commence the project.

10A. If the delivery agent is a
Council department, they will
also be sent a claim for
reimbursement form which
needs to be completed and
returned with evidence of
spend and of completion.
This will be required for
monitoring purposes and to
enable monies to be released
after completion of the project

10B. If the delivery agent is outside the council they will be sent a grant agreement which they need to sign and return. They will also be sent a claim for reimbursement form for monitoring purposes, but will receive the funding upon return of the grant agreement, rather than after the completion of the project.
