

Local Outbreak Engagement Board

6 October 2020

Incident Management Team

1. Purpose

To inform the Board of the establishment of an Incident Management Team for Walsall including its terms of reference.

2. Recommendations

- 2.1 That, subject to any comments Board Members may wish to make, the report be noted.

3. Report detail

A place based Incident Management Team (IMT) has been established in Walsall. The IMT held its first meeting on 30 September 2020.

The purpose of the IMT is to ensure a local co-ordinated approach to COVID whilst ensuring activities within Walsall are joined up with multi-agency structures with internal command and the control arrangements of partners. The IMT will seek to ensure that Walsall partners deliver a joined up local response that is proactive to minimise the risk of increased COVID cases.

A copy of the IMT terms of reference are attached at Appendix 1 to this report.

Background papers
