Final report of the Community Cohesion Working Group

Ward(s) All

Portfolios: Cllr A. Andrew – Deputy Leader

Report:

At its meeting on 18 June 2015 the Panel established a working group to consider the areas approach to community cohesion.

The working group has engaged with a wide range of local people, council departments and local partners to understand what the current approach is and what the views of real people in the community are.

The working group's final report and recommendations are currently out to consultation. The report will be made available as soon as possible.

Recommendations:

That, subject to any comments Members may wish to make, the final report of the Community Cohesion Working Group be forwarded to Council for consideration and debate.
