

WALSALL COUNCIL

INTERNAL AUDIT PROGRESS REPORT

Audit Committee - 5th September 2016

This report ("Report") was prepared by Mazars LLP at the request of Walsall Council and terms for the preparation and scope of the Report have been agreed with them.

The Report was prepared solely for the use and benefit of Walsall Council and to the fullest extent permitted by law Mazars LLP accepts no responsibility and disclaims all liability to any third party who purports to use or rely for any reason whatsoever on the Report, its contents, conclusions, any extract, reinterpretation, amendment and/or modification. Accordingly, any reliance placed on the Report, its contents, conclusions, any extract, reinterpretation, amendment and/or modification by any third party is entirely at their own risk.

Introduction

This progress report to the Audit Committee covers the work carried out during the period April 1st 2016 to 31st July 2016 by Mazars Public Sector Internal Audit Limited.

Appendix 1 outlines progress to date against the 2016/17 Internal Audit Plan.

Background

The purpose of the internal audit plan is to identify the work required to achieve a reasonable level of assurance to be provided by Mazars LLP in compliance with the Code of Practice for Internal Audit.

The fundamental role of Internal Audit is to provide senior management and Members with independent assurance on the adequacy, effectiveness and efficiency of the system of internal control, and to report major weaknesses together with recommendations for improvement. This role is fulfilled by carrying out appropriate audit work, normally in accordance with a strategic plan and an annual operational plan, as approved by the Chief Finance Officer and the Audit Committee.

As internal audit is a major source of assurance that the Council is effectively managing the principal risks to the achievement of its corporate objectives, a key rationale for the development of the internal audit plan was the Council's own Corporate and Directorate Risk Registers and how the internal audit plan can provide this assurance.

Progress to Date

Audit fieldwork on the 2016/17 Internal Audit Plan has progressed well and audit coverage has been in line with the Plan, as shown in Appendix 1.

We have issued the following Final reports.

- County Bridge Primary School (Evaluation assurance: Substantial). Testing assurance: Substantial)
- Pool Hayes Primary School (Evaluation assurance: Substantial. Testing assurance: Substantial)
- Whitehall Nursery & Infant School (Evaluation assurance: Substantial. Testing assurance: Substantial)
- Elmwood School (Evaluation assurance: Good. Testing assurance: Substantial)

We have also reviewed and provided assurance that the conditions attached to the Local Growth Fund Payment Determination April 2015 have been complied with.

We have issued the following Draft Reports for which we are awaiting the final management responses before issuing the Final Report:

- Delves Infant and Nursery
- Rowley View Nursery
- St Anne's Catholic Primary School
- St Francis Catholic Primary School
- St Joseph's Catholic Primary School
- St Peter's Catholic Primary School

Changes to the Plan

There have been no changes to the plan since the last meeting of the Audit Committee.

Other Work:

Risk Management

We held a session on risk management on June 15th to assist the ICT team strengthen their risk register following the Limited assurance report received in 2015/16. This was well received, and we are currently working with staff in ICT to populate the controls against each of the identified risks.

Over the coming weeks, we will be holding other Risk Management sessions with Directorates prior to starting our work on the Assurance Framework.

We will also be co-ordinating any updates being made to the Corporate Risk Register and presenting these to CMT for consideration. An update position will be provided at the next meeting.

Follow-up of Recommendations

2015/16

The table below highlights the number of recommendations raised in the audit reports for 2015/16. It should be noted that progress in implementing recommendations raised is due for follow up as part of the 2016/17 audit plan, and summary of findings to date is shown in the table below:

Year	Total Recommendations	Implemented	%	Implemented or partly implemented	%
2015/16	453	220	49%	234	52%

Appendix 3 provides a summary of the status of all 2015/16 recommendations where the proposed implementation date was at or before 31st July 2016.

Definition of Assurance & Priorities

Audit assessment

In order to provide management with an assessment of the adequacy and effectiveness of their systems of internal control, the following definitions are used:

Level	Symbol	Evaluation Assessment	Testing Assessment
Good	G	There is a sound system of internal control designed to achieve the system objectives.	The controls are being consistently applied.
Substantial	s	Whilst there is a basically sound system of internal control design, there are weaknesses in design which may place some of the system objectives at risk.	There is evidence that the level of non-compliance with some of the controls may put some of the system objectives at risk.
Limited	L	Weaknesses in the system of internal control design are such as to put the system objectives at risk.	The level of non-compliance puts the system objectives at risk.
Nil	N	Control is generally weak leaving the system open to significant error or abuse.	Significant non-compliance with basic controls leaves the system open to error or abuse.

The assessment gradings provided here are not comparable with the International Standard on Assurance Engagements (ISAE 3000) issued by the International Audit and Assurance Standards Board and as such the grading of 'Good' does not imply that there are no risks to the stated control objectives.

Grading of recommendations

In order to assist management in using our reports, we categorise our recommendations according to their level of priority as follows:

Level	Definition
Priority 1	Recommendations which are fundamental to the system and upon which the organisation should take immediate action.
Priority 2	Recommendations which, although not fundamental to the system, provide scope for improvements to be made.
Priority 3	Recommendations concerning issues which are considered to be of a minor nature, but which nevertheless need to be addressed.
System Improvement Opportunity	Issues concerning potential opportunities for management to improve the operational efficiency and/or effectiveness of the system.

Priority 1 Recommendations

No priority 1 recommendations have been raised in the Final reports issued to date.

Appendix 1 – Status of Audit Work 2016/17

Appendix 2 - Summary of Final Reports

Brief outlines of the work carried out, a summary of our key findings raised and the assurance opinions given in respect of the final reports issued since the last meeting of the Audit Committee are provided in this section.

Our school audits considered the following areas of activity:

- Governance
- Financial Planning
- Budget Monitoring
- Procurement
- Financial Controls
- Income Controls
- Voluntary Funds
- Extended Activities
- Banking (including LMS Bank Account)
- Payroll
- Petty Cash
- Tax
- Assets and Security
- Insurance
- Information governance
- Arrangements are in place for the completion & submission of the SFVS self-assessment form by 31/03/17

County Bridge Primary School

Our assessment in terms of the design of, and compliance with, the system of internal control covered is set out below:

Evaluation Assessment	Testing Assessment
Substantial	Substantial

We have raised four priority 2 recommendations and 10 priority 3 recommendations where we believe there is scope for improvement within the control environment. Our main findings were:

- The handover of cash between officers is not documented and signed for.
- From examination of 10 orders / invoices it was found that in one case the order and invoice had been signed by the same officer.
- A safe log is not currently in place.
- Portable assets have not been security marked.

Pool Hayes Primary School

Our assessment in terms of the design of, and compliance with, the system of internal control covered is set out below:

Evaluation Assessment	Testing Assessment				
Substantial	Substantial				

We have raised four priority 2 and 12 priority 3 recommendations where we believe there is scope for improvement within the control environment. Our main findings were:

- Income is not banked promptly resulting in the safe insurance limit being exceeded.
- From examination of 10 orders / invoices it was found that in 3 cases the order and invoice had been signed by the same officer and in 3 cases an order had not been raised.
- The school fund has not been audited since 2013/14.
- A data sharing agreement with the recently appointed provider of financial services has not been considered.

Whitehall Nursery & Infants School

Our assessment in terms of the design of, and compliance with, the system of internal control covered is set out below:

Evaluation Assessment	Testing Assessment				
Substantial	Substantial				

We have raised six priority 2 and nine priority 3 recommendations where we believe there is scope for improvement within the control environment. Our main findings were:

- Financial procedure notes are not in place to enable the school to continue to function in the absence of a key member of the finance staff.
- Cash collection sheets are not always completed / retained and the handover of cash between officers is not documented and signed for.
- From examination of 10 orders / invoices it was found that in all cases the order and invoice had been signed by the same officer.
- A safe log is not currently in place.
- School fund banking is prepared, and paying in slip completed by the School Business Manager.
 Paying in slips are not independently checked prior to banking.

Elmwood School

Our assessment in terms of the design of, and compliance with, the system of internal control covered is set out below:

Evaluation Assessment	Testing Assessment			
Good	Substantial			

We have raised one priority 2 recommendation and three priority 3 recommendations where we believe there is scope for improvement within the control environment. Our main finding was:

• There is no evidence retained on the annual inventory check.

Appendix 3 – Summary of Unplanned/Irregularity Reports

Brief outlines of the work carried out, a summary of our key findings raised and the assurance opinions given (if applicable) in respect of unplanned/irregularity reports issued since the last meeting of the Audit Committee will be provided in this section.

No unplanned/irregularity work has been carried out to date. We received two referrals which have been identified as management issues and were passed to other staff members as appropriate.

Appendix 4 - Follow-up of Recommendations 2015/16

A follow-up audit has been undertaken in accordance with the 2015/16 audit plan. The objective was to confirm the extent to which the recommendations made in 2015/16 internal audit final reports have been implemented.

The tables below provide a summary of the status of all 2015/16 recommendations where the proposed implementation date was at or before 31st July 2016 and have not been reported as implemented at the previous Audit Committee meeting.

Appendix 5 - Statement of Responsibility

We take responsibility to Walsall Council for this report which is prepared on the basis of the limitations set out below.

The responsibility for designing and maintaining a sound system of internal control and the prevention and detection of fraud and other irregularities rests with management, with internal audit providing a service to management to enable them to achieve this objective. Specifically, we assess the adequacy and effectiveness of the system of internal control arrangements implemented by management and perform sample testing on those controls in the period under review with a view to providing an opinion on the extent to which risks in this area are managed.

We plan our work in order to ensure that we have a reasonable expectation of detecting significant control weaknesses. However, our procedures alone should not be relied upon to identify all strengths and weaknesses in internal controls, nor relied upon to identify any circumstances of fraud or irregularity. Even sound systems of internal control can only provide reasonable and not absolute assurance and may not be proof against collusive fraud.

The matters raised in this report are only those which came to our attention during the course of our work and are not necessarily a comprehensive statement of all the weaknesses that exist or all improvements that might be made. Recommendations for improvements should be assessed by you for their full impact before they are implemented. The performance of our work is not and should not be taken as a substitute for management's responsibilities for the application of sound management practices.

This report is confidential and must not be disclosed to any third party or reproduced in whole or in part without our prior written consent. To the fullest extent permitted by law Mazars LLP accepts no responsibility and disclaims all liability to any third party who purports to use or reply for any reason whatsoever on the Report, its contents, conclusions, any extract, reinterpretation amendment and/or modification by any third party is entirely at their own risk.
