<b>2</b>	<b>What is the business case for this proposal? Please provide the main purpose of the service, intended outcomes and reasons for change?</b> <p>Walsall Shared Lives Scheme aims to enable service users to maximize their potential to live full independent lives, within a community setting and to enjoy all the rights and responsibilities of citizenship.</p> <p>Walsall Shared Lives Scheme staff and Shared Lives Carers are committed to promoting the physical, emotional and spiritual wellbeing of the people in adult placements, and their protection from abuse and harm.</p> <p>Shared Lives recruits, selects and approves Shared Lives Carers from all sections of the Walsall community, irrespective of ethnicity, culture, sexuality or if they have a disability. Ongoing support, monitoring and reviewing is provided to all carers, alongside regular placement reviews.</p> <p>Walsall Shared Lives works closely with children's services to enable a smooth transition for younger adults. Beginning the matching processes prior to a person's 18 birthday, introducing children into adulthood.</p> <p>Shared Lives offer delivers to local people of Walsall, both in terms of recruiting local</p>		

	<p>people to become sustainable and innovative self- employed carers, as well as to create opportunities for vulnerable people to benefit from local life within a host carers home, rather than entering into costly traditional model of care as an alternative.</p> <p>Aspiration is for Walsall to move to a standardised care model for all aspects of care frequently used by other authorities and recommended as best practice from Shared Lives Plus. Adult Social Care’s draft proposal, for consultation is for a simplified model of banded rates and the draft implementation plan for this proposal, should it be approved.</p> <p>There is a significant amount of time spent administering payments to existing Shared Lives Carers requiring multiple hand offs to 4 different teams. There is a full time administrative post currently dedicated to this. It is anticipated that if a standardised payment model is implemented it would generate administration efficiencies via establishing selectable rates in Mosaic and scheduled payments to Carers.</p> <p>A new payment model should enable transparency to existing service users on the Shared Lives payment offer as well as being understandable and attractive to new Carers who wish to join the scheme. The scheme above all should be equitable. The draft proposal will give practitioners clarity on the rates to be utilised, something which has not been available in the past.</p> <p>first request to cabinet is to seek permission to consult with all existing Provider carers part of the Shared lives scheme</p>		
3	<b>Who is the proposal likely to affect?</b>		
	<b>People in Walsall</b>	<b>Yes / No</b>	<b>Detail</b>
	<b>All</b>	<b>Yes</b>	This will impact on all current Shared Lives Carers and the service users they support in the Shared Lives Scheme and future carers. There are currently 101 carers registered with Shared Lives. They accommodate 68 service users with a range of needs as part of their social care package.  Please see tables and charts in section 4 for further details with regards to the characteristics of both carers and service users which presents a broad range of age, ethnicity, and religion of both carers and service users.

4	<b>Please provide service data relating to this proposal on your customer’s protected characteristics.</b>		

In Summary of the below statistics:

Over 70% of the carers are over the age of 51 highlighting a risk factor with regards to longevity of the service provision being able to be provided particularly where the service provision is high needs. In light of this, it highlights a need to procure younger carers particularly as 38% of Service users are under 30 highlighting a risk to the sustainability of these packages of care. The tables and charts below give details with regards to the characteristics of both carers and service users which presents a broad range of age, ethnicity, and religion of both carers and service users.

By introducing the remodelling opportunity for payments it is hoped that this will not only provide equity for all work delivered to support vulnerable people who are supported on the scheme, but also to attract new carers to grow the service in order to provide an attractive alternative to traditional models of care and that Shared Lives becomes more of a career as well as a vocation.

5	<p><b>Please provide details of all engagement and consultation undertaken for this proposal. (Please use a separate box for each engagement/consultation).</b></p>
	<p>2019 – Shared Lives Carers engagement meetings – this is when discussed the modernisation of Shared Lives offer to attract new carers and widen the offer as stakeholders/practitioners expressed a need for Shared Lives for older people and other client groups and to look at the service as a stepping stone for younger people to independent living.</p> <p>At the moment the current situation is that over 70% of the carers are over the age of 51 highlighting a risk factor with regards to longevity of the service provision being able to be provided particularly where the service provision is high needs. In light of this, it highlights a need to procure younger carers particularly as 38% of service users are under 30 highlighting a risk to sustainability of these packages of care.</p> <p>Our plan is to include further engagement with existing service user/shared lives and future potential carers.</p> <p><b>Satisfaction Surveys</b></p> <p>The Service User survey had a response rate of 44% (31 respondents)</p> <p>The Carer's survey had a response rate of 37% (27 respondents)</p> <p>The service user annual satisfaction survey for Shared Lives as of the 2019 survey, shows a 90% satisfaction rating of "Very Happy".</p> <p>The carers Survey for 2019 shows an 84% rating of "Very good" with regards to how the Carers rate their experience of being a Shared Lives carer.</p> <p>In summing up being a Shared Lives Carer in one sentence, these were some of the responses:</p> <p>"Making a difference to people's lives, and seeing them happy"</p> <p>"Worthwhile and rewarding"</p> <p>"rewarding, challenging, satisfying, with a sense of accomplishment"</p>
