1. Guidance

Overview

This template is for Health and Wellbeing Boards (HWBs) to provide end of year reporting on their Better Care Fund (BCF) plans. The template should be submitted to the BCF team by 24 May 2021. Since BCF plans were not collected 2020-21, the end of year reporting will collect information and data on scheme level expenditure that would normal collected during planning. This is to provide effective accountability for the funding, information and input for nation Throughout the template, cells which are open for input have a yellow background and those that are pre-populated have a grey background, as below:

Data needs inputting in the cell

Pre-populated cells

Note on viewing the sheets optimally

For an optimal view each of the sheets and in particular the drop down lists clearly on screen, please change the zoo level to between 90% - 100%. Most drop downs are also available to view as lists within the relevant sheet or in the

The details of each sheet within the template are outlined below.

Checklist (all sheets)

- 1. On each sheet, there is a section that helps identify the data fields that have not been completed. All fields that appear as incomplete should be complete before sending to the BCF team.
- 2. The checker column will appear 'Red' and contain the word 'No' if the information has not been completed. Once completed the checker column will change to 'Green' and contain the word 'Yes'.
- 3. The 'sheet completed' cell will update when all 'checker' values for the sheet are 'Green' containing the word 'Yes'
- 4. Once the checker column contains all cells marked 'Yes' the 'Incomplete Template' cell (below the title) will change
- 5. Please ensure that all boxes on the checklist tab are green before submission.

Cove

- 1. The cover sheet provides essential information on: the area for which the template is being completed; contacts;
- 2. 'Question completion' tracks the number of questions that have been completed. When all the questions in each section of the template have been completed the cell will turn green. Only when all cells are green should the template have been completed the cell will turn green.
- 3. Please note that in line with fair processing of personal data we request email addresses for individuals completing reporting template in order to communicate with and resolve any issues arising during the reporting cycle. We remothese addresses from the supplied templates when they are collated and delete them when they are no longer need

National Conditions

This section requires the Health & Wellbeing Board to confirm whether the four national conditions detailed in the Better Care Fund planning requirements for 2020-21 (link below) continue to be met through the year, at the time of https://www.gov.uk/government/publications/better-care-fund-policy-statement-2020-to-2021/better-care-fund-policy-statement

This sheet sets out the four conditions and requires the HWB to confirm 'Yes' or 'No' that these continue to be met. Should 'No' be selected, please provide an explanation as to why the condition was not met during the year and how is being addressed. Please note that where a national condition is not being met, the HWB is expected to contact the

The four national conditions are as below:

- <u>National condition 1:</u> Plans covering all mandatory funding contributions have been agreed by HWB areas and minimum contributions are pooled in a section 75 agreement (an agreement made under section 75 of the NHS Ac
- National condition 2: The contribution to social care from the CCG via the BCF is agreed and meets or exceeds the
- National condition 3: Spend on CCG commissioned out of hospital services meets or exceeds the minimum ringfe
- National condition 4: The CCG and LA have confirmed compliance with these conditions to the HWB.

Income and Expenditure Actuals

The Better Care Fund 2020-21 pool constitutes mandatory funding sources and any voluntary additional pooling fror LAs (Local Authorities) and CCGs. The mandatory funding sources are the Disabled Facilities Grant (DFG), the improve Better Care Fund (iBCF) grant, and the minimum CCG contribution.

Income section:

- Please confirm the total HWB level actual BCF pooled income for 2020-21. Please include income from additional and LA contributions in 2020-21 in the yellow boxes provided.
- Please provide any comments that may be useful for local context for the reported actual income in 2020-21.

Expenditure section:

- Please enter the total HWB level actual BCF expenditure for 2020-21 in the yellow box provided.
- Please share any comments that may provide a useful local context to the reported actual expenditure in 2020-21

Year End Feedback

This section provide an opportunity to feedback on delivering the BCF in 2020-21 through a set of survey questions which are, overall, consistent with those from previous years.

The purpose of this survey is to provide an opportunity for local areas to consider and give feedback on the impact o BCF. Covid-19 had a significant impact on services and schemes delivered on the ground which may have changed the context. However, national BCF partners would value and appreciate local area feedback to understand views and reflections of the progress and challenges faced during 2020-21.

Delivery of the Better Care Fund

There are a total of 3 questions in this section. Each is set out as a statement, for which you are asked to select one c

- Strongly Agree
- Agree
- Neither Agree Nor Disagree
- Disagree
- Strongly Disagree

The questions are:

- 1. The overall delivery of the BCF has improved joint working between health and social care in our locality
- 2. Our BCF schemes were implemented as planned in 2020-21
- 3. The delivery of our BCF plan in 2020-21 had a positive impact on the integration of health and social care in our

Part - Successes and Challenges

This part of the survey utilises the SCIE (Social Care Institute for Excellence) Integration Logic Model published on thi link below to capture two key challenges and successes against the 'Enablers for integration' expressed in the Logic

- 4. Outline two key successes observed toward driving the enablers for integration (expressed in SCIE's logic model) in
- 5. Outline two key challenges observed toward driving the enablers for integration (expressed in SCIE's logic model)

As noted above, these are free text responses to be assigned to one of the following categories from the SCIE Integration Logic Model - Enablers summarised below. Please see link below for fuller details:

SCIE - Integrated care Logic Model

- 1. Local contextual factors (e.g. financial health, funding arrangements, demographics, urban vs rural factors)
- 2. Strong, system-wide governance and systems leadership
- 3. Integrated electronic records and sharing across the system with service users
- 4. Empowering users to have choice and control through an asset based approach, shared decision making and co-
- 5. Integrated workforce: joint approach to training and upskilling of workforce
- 6. Good quality and sustainable provider market that can meet demand
- 7. Joined-up regulatory approach
- 8. Pooled or aligned resources
- 9. Joint commissioning of health and social care

Social care fees

This section collects data on average fees paid by the local authority for social care. This is similar to data collected ir reporting in previous years.

The questions have been updated for 2020-21 to distinguish long term fee rates from temporary uplifts related to th additional costs and pressures on care providers resulting from the COVID-19 pandemic Specific guidance on individual questions can be found on the relevant tab.

CCG-HWB Mapping

The final sheet provides details of the CCG - HWB mapping used to calculate contributions to Health and Wellbeing

Version 1.0

Please Note:

- The BCF end of year reports are categorised as 'Management Information' and data from them will published in an aggregated form on the NHSE website. Narrative sections of the reports will not be published. However as with all information collected and stored by public bodies, all BCF information including any narrative is
- At a local level it is for the HWB to decide what information it needs to publish as part of wider local government reporting and transparency requirements. Until BCF information is published, recipients of BCF reporting information (including recipients who access any information placed on the BCE) are prohibited from making this information available on any public domain or providing this information for the purposes of journalism or research without prior consent from the HWB (where it concerns a single HWB) or the BCF national partners for the aggregated information.

 - All information, including that provided on local authority fee rates, will be supplied to BCF partners to inform policy development.
- This template is password protected to ensure data integrity and accurate aggregation of collected information. A resubmission may be required if this is breached.

Joint commissioning infrastructure includes any personnel or teams that enable joint commissioning. Schemes could be focused on Data Integration, System IT Interoperability, Programme management, Research and evaluation, Supporting the Care Market, Workforce development, Community asset mapping, New governance arrangements, Voluntary Sector Development, Employment services, Joint commissioning infrastructure amongst others.	
High Impact Change Model for Managing Transfer of Care	The eight changes or approaches identified as having a high impact on supporting timely and effective discharge through joint working across the social and health system. The Hospital to Home Transfer Protocol or the 'Red Bag' scheme, while not in the HICM as such, is included in this section.	
Home Care or Domiciliary Care	A range of services that aim to help people live in their own homes through the provision of domiciliary care including personal care, domestic tasks, shopping, home maintenance and social activities. Home care can link with other services in the community, such as supported housing, community health services and voluntary sector services.	
Housing Related Schemes	This covers expenditure on housing and housing-related services other than adaptations; eg: supported housing units.	

Integrated Care Planning and Navigation

Care navigation services help people find their way to appropriate services and support and consequently support self-management. Also, the assistance offered to people in navigating through the complex health and social care systems (across primary care, community and voluntary services and social care) to overcome barriers in accessing the most appropriate care and support. Multi-agency teams typically provide these services which can be online or face to face care navigators for frail elderly, or dementia navigators etc. This includes approaches like Single Point of Access (SPoA) and linking people to community assets. Integrated care planning constitutes a co-ordinated, person centred and proactive case management approach to conduct joint assessments of care needs and develop integrated care plans typically carried out by professionals as part of a multi-disciplinary, multiagency teams.

Note: For Multi-Disciplinary Discharge Teams and the HICM for managing discharges, please select HICM as scheme type and the relevant sub-type. Where the planned unit of care delivery and funding is in the form of Integrated care packages and needs to be expressed in such a manner, please select the appropriate subtype alongside.

Intermediate Care Services | Short-term intervention to preserve the independence of people who might otherwise face unnecessarily prolonged hospital stays or avoidable admission to hospital or residential care. The care is person-centred and often delivered by a combination of professional groups. Four service models of intermediate care are: bed-based intermediate care, crisis or rapid response (including falls), home-based intermediate care, and reablement or rehabilitation. Home-based intermediate care is covered in Scheme-A and the other three models are available on the sub-types.

In Walsall, we utilisied BCF funding for integrated teams and services. This has been a great starting position for us to strengthen our joint working approach through our agreement to have a clear model working towards resilient communities, early intervention and prevention through our Walsall Together offer.

Our 2020/2021 plan was a roll-over from 2019/2020, however our BCF schemes continue to support the system in relation to integration and outcomes such as promoting independence.

A number of our BCF funded schemes have supported the system in responding to the pandemic. This was seen across our Intermediate Care Service by ensuring we discharged patients and used step down beds or worked with our domiciliary care market to start care packages. We also ensured our equipment service was able to respond quickly, and we saw

During 2020, we reviewed our governance in relation to BCF and strengthed it by ensuring a s overisght to drive development of the programme, in line with local changes we are seeing th ICS. Operationally, to respond accordingly to pressures over 2020 staff were re-deployed to o areas which inclded BCF funded services such as our equipment store.

As we move towards the implementation of our Integrated Care System, we have developed some Partnership contracts. By doing so, we have improved our joint commissioning conversat develop parts of the system which are currently BCF schemes.
