What is the business case for this proposal? Please provide the main purpose of the service, intended outcomes and reasons for change?

To provide the public with borough-wide bonfire night celebratory events and a firework event to celebrate Diwali.

In previous years, the events have been provided at four locations, one of which, Holland Park, was quite small, not well suited for the type of event and attendances have always been quite low. The proposal is to remove the Holland Park and possibly the Willenhall event as well, leaving events taking place at Walsall Arboretum (central location – well connected) and King George V Playing Fields. Also to operate a further event at Walsall Arboretum, which has much greater capacity, a designated events space and good transport links. The additional event will celebrate Diwali – a festival of lights celebrated by Hindus, Jains, and Sikhs.

	Ä		The addition of the Diwali celebratory event, means a whole section of the Walsall community has a major organised event to attend, it is hoped that this will reduce localised events on the evening of Diwali and be safer for those involved.

4	Please provide service data relating to this proposal on your customer's protected characteristics.
	No detailed information has been recorded about attendees, however, the events are openly accessible to everyone.
5	Please provide details of all engagement and consultation undertaken for this proposal. (Please use a separate box for each engagement/consultation).
	No direct consultation has taken place with the public, however, in the summary of the Environment Overview and Scrutiny Committee on 20 February 2020, 'Members also noted that that many communities suffered with firework nuisance outside of the agreed times and recognised the fact that the events provide more than just monetary value as they represent a chance to bring communities together.'

9 Which justifiable action does the evidence, engagement and consultatio feedback suggest you take?				
	A	No major change required		
	В	Adjustments needed to remove barriers or to better promote equality The removal of one bonfire event and the addition of a Diwali event better promotes equality for Walsall's diverse communities.		
	С	Continue despite possible adverse impact Although people with certain disabilities may be adversely affected by firework events, for the reasons identified above, it is believed that ultimately having organised events will reduce the negative impact upon these communities.		
	D	Stop and rethink your proposal N/A
