Update

Health and People CAG

The Health and People CAG further discussed the issue of publicity and looked at ways in which the LNP profile could be improved in the LNP area. As a result a communications working party has been established to move forward on this. CAG members have agreed to undertake a mapping exercise of local community boards and report back at the next health and people CAG.

The LNP representatives on the tPCT stakeholder group also feedback from the stakeholder event that they attended representing the area.

At the next health and people CAG a number of health related projects would be discussed that the LNP and CAG members could get further involved within.

Safer and Stronger CAG

The issues regarding Cartbridge Lane were discussed further and the Community Liaison Officer from Safer Walsall Borough Partnership provided the CAG members with an update of what has happened in that area since the first officer site visit on 1st December. A further site visit has been arranged with residents to review the action taken and what needs to be done further. The residents have also been informed of the Goscote Valley workshop that has been arranged for the Pelsall Rushall LNP on 19th February 2007.

The CAG also received a detailed presentation from Anti-social behaviour co-ordinator about the Respect agenda and how we implement it locally. All CAG members positively received the presentation. A number of potential

funding ideas were also discussed in addition to the home safety checks advise that was given by the West Midlands Fire Service.
