Recommendations

1. For LNP members to continue in attendance at the Community Action Group meetings.
2. For the LNP to note progress of Community Action Groups
3. For the LNP to nominate a chair for the Safer and Stronger Community Action Group

Update

2nd October 2006: Health and People CAG

This Community Action Group looked at the new urban design standard which developers will need to meet when designing any new buildings in the LNP area. An officer from Physical regeneration provided a presentation which outlines the new guidelines developers will have to follow. The aim of this policy is to ensure developers make buildings relevant to the area and enhance the physical look of the locality.

Other discussions included the lack of youth facilities in the area with particular concerns around young people loitering around open spaces and prominent parks in the area.

A more detailed action and notes sheet is attached.

Between now and the next LNP meeting the following CAG's will take place:
