Report:

The purpose of this item is to provide relevant background information for Members so that the Panels areas of focus can be agreed for 2015/16.

It is important for Members to consider the wide range of potential issues within their remit which they could consider during the year.

When agreeing items, it is important that consideration is given to the level of value the Panel could add taking into account the tools and performance measures available to support them in their work.

Members will recall that this item was deferred from the previous meeting. However one area of focus has already been suggested by a Member of the Committee. This area is: waste collection.

Recommendations:

That Member's consider the range of issues within the remit of the Committee and agree areas of focus for 2015/16.
