Item No.

MONDAY, 31ST JULY, 2006

YOUTH CONFERENCE

Information was requested on the organisations that were invited to attend, together with a breakdown of ethnicity and a breakdown of those who actually attended. Information obtained indicates that there was a limit of 120 places for the Conference and these were allocated to the District Youth Service. Each of the 7 districts were allocated 10 places, the remaining 50 places were allocated to specialist teams. It was left to the discretion of the District Workers to liaise with projects and organisations as to who would be nominated to attend.

The Conference only achieved 81 attendees. A DVD and a report of the Conference will be made available to Members in due course.
