Summary of report

The purpose of this report is to inform the LNP of the progress of the various task groups.

Recommendations

1. For LNP members to continue in attendance at the workshop meetings
2. For individual LNP members to encourage wider participation from community members within the task groups
3. For the LNP to agree the dates of the future workshops

Workshops

27th September - Youth Services:

This workshop was geared around looking at youth services in the area and identifying ways of improving. Youth services were in attendance and one of the ways identified to go forward was for the Youth service to attend regular meetings and take active part in the LNP. A full write up of the workshop has been circulated to members.

28th October – Partnership Plan Review Workshop 1:

This workshop initiated the partnership plan review process, which was agreed at the last LNP meeting. The review will look at the current plan and highlight actions which have been completed; furthermore the workshops will allow the LNP to set out a new plan for 2006-2007.

Within this workshop the members went through the whole partnership plan and agreed for each action to be either signed off, removed or carried forward to next year.

24th November – Partnership plan Review Workshop 2:

This workshop was a follow up from 28th October. Participants at the workshop were provided with presentations on Local Area Agreements and top priorities for service deliverers. This allowed for the participants to gain a wider view of what is required within Brownhills & Aldridge North, which assisted the participants in making suggestions for next years partnership plan.

A third workshop will take place on 16th December to complete the review process, which will provide the LNP with a manageable list of actions and pledges for 2006 – 2007.
