To provide Members with the opportunity to further review the Committee's areas of focus and its work programme for 2017/18, and to consider the wide range of issues within its remit, this report sets out suggestions for agenda items for the three meetings to be held during the remainder of the 2017/18 municipal year.

- Annual Complaints report

15 February 2018

When agreeing items, it is important that consideration is given to the level of value the Committee could add, taking into account the tools and performance measures available to support them in their work.
