Report detail

This report has been completed so that members of the Standards Committee have a clear programme of agenda items that are intended to be presented at forthcoming meetings. Whilst the list is not exhaustive as there may be adhoc meetings required to deal with specific matters or unplanned items may arise, the programme of work will provide an overall structure to Standard Committee meetings.

The report author considered the work of neighbouring Standards Committees to establish if they show any synergy in the items that are presented to their Standards Committee (ie: if similar reports were presented at the same time on an annual basis) but none could be established.

The report author, in consultation with the Assistant Director of Legal & Constitutional Services and Monitoring Officer has considered the work of this Committee and to this end has devised a programme of items that we propose to present to the Committee at each of its meetings throughout 2010/11 which is attached as Appendix 1 .

The committee are requested to consider the draft programme of work and if there any specific items they would like to explore within their terms of reference which is attached as Appendix 2.
