

AGENDA ITEM 10

Brownhills & Aldridge North Local Neighbourhood Partnership **15th March 2005**

Partnership plan

1. Brief Summary of Report

The purpose of this report is to inform the LNP of the additions made to the draft Partnership Plan

2. Work to date

The LNP has undertaken 2 environmental workshops and a further overall task groups meeting on 8th March 2004 (*Although the workshop has taken place the write up was not available before these papers were compiled.*)

- **Environmental group:**

As the majority of issues within the partnership plan were related to environment, the environmental group have been the first task group to meet. This group met on 11th January and 1st February. Both meetings were facilitated by Steve Lewis from Environmental Regeneration. During the first meeting town centre issues were raised and during the second workshop open spaces and parks were discussed. During both meetings the task group participants populated the partnership plan further and also identified leads for the task group and champions for specific actions.

The task groups are open to all members of the public and representatives from other organisations working within the LNP area.

3. Recommendations

- For LNP members to continue in attendance at the workshop meetings
- For individual LNP members to encourage wider participation from community members within the task groups
