As part of the consultation process, the revised policy was emailed to the wider council, stakeholders & TUs to review and make comments on.

- Removed reference to 'stages' in any absence policy and process given the sensitivity around cancer and stages. They have replaced stages with steps.
- This seems more straightforward.
- Consultees asked for some examples of triggers to help explain the process.
- Wording amended regarding Ill Health Retirement (IHR) and financial advice.
- Wording amended around the eligibility for IHR to include minimum vesting period (2 years of contribution).
- Need to consider adding pro rate for part time employees.

Updated policy – Feb 2024

Following development of the new absence module in One Source matters were raised around system functionality and management reporting, which have resulted in a further revision of the draft Sickness Absence Policy from working days to calendar days.

The changes support the system amendments and still meets the trade union request of removing the Bradford Factor Score (BFS) and replaces it with day/occurrence 'triggers' to prompt management action where an employee's sickness absence has

	<p>reached an unacceptable level.</p> <p>The short-term sickness (STS) absence trigger which requires a SAR meeting to be held is triggered once the employee has either a combined total of 14 calendar days sickness absence (pro-rata part time based on modified days) or 3 separate occurrences of absence in a rolling 12-month period.</p>			
6	<p>Concise overview of all evidence, engagement and consultation</p>			
	<p>Formal consultation raised no concerns over protected characteristics. The main points of feedback following the consultation are as follows:</p> <ul style="list-style-type: none"> • Consultees are happy to see the new trigger points being introduced. • They feel that the policy seems more straight forward. • Some minor amendments to clarify wording and aid understanding. <p>The policy will be submitted to CMT on 28 March 2024 followed by Personnel Committee for approval on 22/04/2024.</p>
