Subject: Dear sir /madam

I am a tenant at the back of lexx jerks bar and grill i live on the 3rd floor i have lived there for nearly 6 years. I also work a 9 to 5 job in eirdington i get up at 5am to get the 6.10 bus to work. For months not i have not been able to get a full night's sleep because all i can hear is music & the dj talkin over the music sometimes i can hear him swearing aswell.

I can even hear the music & the dj when my windows are closed. & if my windows are open i have to close them i have sleep on my sofa in my living room & i can still hear it. It can be any night of the week it can start at about 12am and normally finishes at 5am. Plus when my grandchildren come to stay with me for a weekend they can not sleep and they can hear loud music & the dj swearing its not far on people that work to have to put up with the noise and the dj shouting & sometimes swearing people need to get agood nights sleep to do the jobs they are employed to do. I would be very grateful if this can be sorted out thank you very much. Can u please let me no the date of the meeting so i can attend

Yours sincerely

B. Moran (miss)
