Update

Health and People CAG – 21st February 2007

The CAG received a presentation regarding the Falls Prevention Programme and the Fire Prevention Programme.

Concerns were raised regarding the new developments that are occurring in the area and the impact they have on local services especially in terms of health provision. Suggestions were made that housing developers should be requested to make greater links and consult with the tPCT in more detail to map out the impact on health provision of the new development. This will help identify what additional resources would be required and allow an opportunity for some action to take place in correlation to the development.

From previous CAG meeting the members were aware of consultation procedures that are in place for planning however they felt that some of the issues and concerns that arise from the consultations are not addressed appropriately. These concerns need to be raised at a higher level.

Safer & Stronger CAG - 6th March 2007

A number of one off issues were raised which have all been forwarded to relevant service areas and a response will be provided to the individuals who raised the concerns. The CAG were notified that a meeting had been arranged with the Executive Director for Neighbourhood Services to discuss the issues and concerns regarding Lindrosa Road. A further discussion took place at the CAG to discuss what the CAG members would be happy with as a solution to Lindrosa Road. The suggestions and concerns from the CAG were feedback at the meeting. A report will be presented at the LNP in regards to Lindrosa Road.

The Police notified the CAG that they would be holding Police surgeries in the months of May and June for the community to liaise with the Police and report any issues.

Next CAG meetings

The following themed CAG's will take place:

The next CAG meeting will be reviewing the progress on the pledges and what is needed in the future.
