1. Report Details

- 1.1 Lot 3 was part of the Procurement process referred to in the main report, covering Supported accommodation for up to 21 young people with more high level complex needs and more specialised support. This Lot also builds in a support/community outreach support bank and up to 5 young people being provided with floating support which is used to help transition young people into independent living.
- 1.2 Officers are in the process of evaluating Lot 3. A further session was conducted on 5 December 2018 and a decision was taken that additional evaluation would be required. In the meantime, the existing contract with St Basils will be extended. Following conclusion of the evaluation, any proposed contract award will be reported to a future cabinet meeting. All implications relating to this process are contained in the main report.
